The Star Inn

Toshiba 22 "

The Star At Alfriston was originally built during the 13th Century during which time it has seen many changes. Today its offers its guest excellent service with a traditional hospitality. This hotel has well –appointed guest accommodation with modern comforts in one the the south's idyllic and beautiful villages only 5 minutes from the sea.

The Star Inn have taken out a 5 year rental contract for 37 x 22inch Toshiba LCD Television all which have a built in DVD player. The Star also received a 40 inch LCD Television for the bar area which was mounted on the wall. The new televisions will receive a satellite and analogue signal. The digital signal will not start in this regional until 2012 therefore a satellite fed allows high definition HD picture quality in this remote rural location.
